Why a Bounty Program?

The Shping Bounty Program is our way of ensuring that members of our community who promote the Shping Token Sale get rewarded for the impact of their efforts. With significant bonuses on offer, we strongly urge you to get involved.

General Conditions for Participation

1. Before starting, you must register for the Bounty Program. Successful applicants will receive a Welcome Pack with instructions and tools to participate.
2. Links to the Shping Token Sale website and use of unique referral links are encouraged.
3. Participants must be able to provide evidence of their participation and adherence to these rules on request. We advise keeping regular, date-stamped screenshots to aid with efficient processing.
4. Participants are expected to represent Shping, Shping Coin, the Shping Token Sale, and the Shping community positively during the course of their campaign.
5. Participants are expected to be respectful of others and to avoid spam-like behaviour. The use of bots, automated or paid means to increase interactions is also strictly prohibited.
6. Rewards will be tallied and distributed at the conclusion of the Token Sale (11.59pm March 23rd CET) and payouts will be distributed in April 2018. The Bounty Manager's reward decisions are final.
7. Participants agree not to plagiarise content and to seek permission from any cited sources and imagery.
8. Participants must notify Bounty Managers when they have uploaded their post. This can be done via the Bitcointalk Bounty forum, through our Promotional Partner Telegram or by emailing our Bounty Manager. (These notifications are ineligible for bounty rewards).
9. By participating, you agree to abide by any of the above rules and special rules. Failure to do so will result in ineligibility for bounty rewards.
